Hand Held Scanners

QuickScan I Lite QW2100 (1D Scanner)

The QuickScan™ reader series is Datalogic ADC's value line of general purpose handheld data collection products. The QuickScan Lite QW2100 linear imager is an entry level product created specifically for reading long and truncated bar codes which is common in some areas of the world.

- Laser-like thinner and extended scan line
- Green Spot' technology
- Wide scan angle

Datalogic TD1100 (1D Scanner)

The TD1100 series of linear imaging contact readers represent the Datalogic solution for customers who require a cost-effective solution for close contact bar code reading without sacrificing quality and performance.

- Cost-effective solution for close bar code reading
- Excellent reading performance on damaged or poorly printed bar codes
- Wide reading windows: 6.5 cm / 2.6 in and 9.0 cm / 3.5 in

QuickScan I Lite QW2400 (2D Scanner)

The QuickScan Lite QW2400 2D area imager is an entry level scanner specifically designed for reading long and truncated 1D codes and larger 2D codes from close distance.

- 'Green Spot' technology
- Dark red illumination
- Wide reading windows: 6.5 cm / 2.6 in and 9.0 cm / 3.5 in

Hand Held Mobile Computers

Memor X3

Small, slim and light, the Memor™ X3 mobile computer provides excellent ergonomics for single-handed use, and its rugged, sealed construction survives unintentional drops and exposure to water and dust.

Laser models feature a Corning® Gorilla® Glass 2 scan window guaranteeing optimum scanning performance.

Skorpio X4

The Skorpio X4 is equipped with the largest high-visibility color graphics display (3.2 inch) in its class, the mobile computer helps users work more efficiently.

With a choice of Windows Embedded or Android Operating Systems, the Skorpio X4 mobile computer delivers the ultimate in ergonomics, intuitive user interface, and data capture technologies.

Memor 1

The Memor 1 device comes with a powerful Qualcomm® Snapdragon™ platform and features Android™ 8.1 (Oreo) with Google Mobile Services (GMS).

This device is available in two form factors: a hand held version resembling a rugged smartphone and a pistol-grip version with a comfortable trigger for all day scanning.

Memor 10

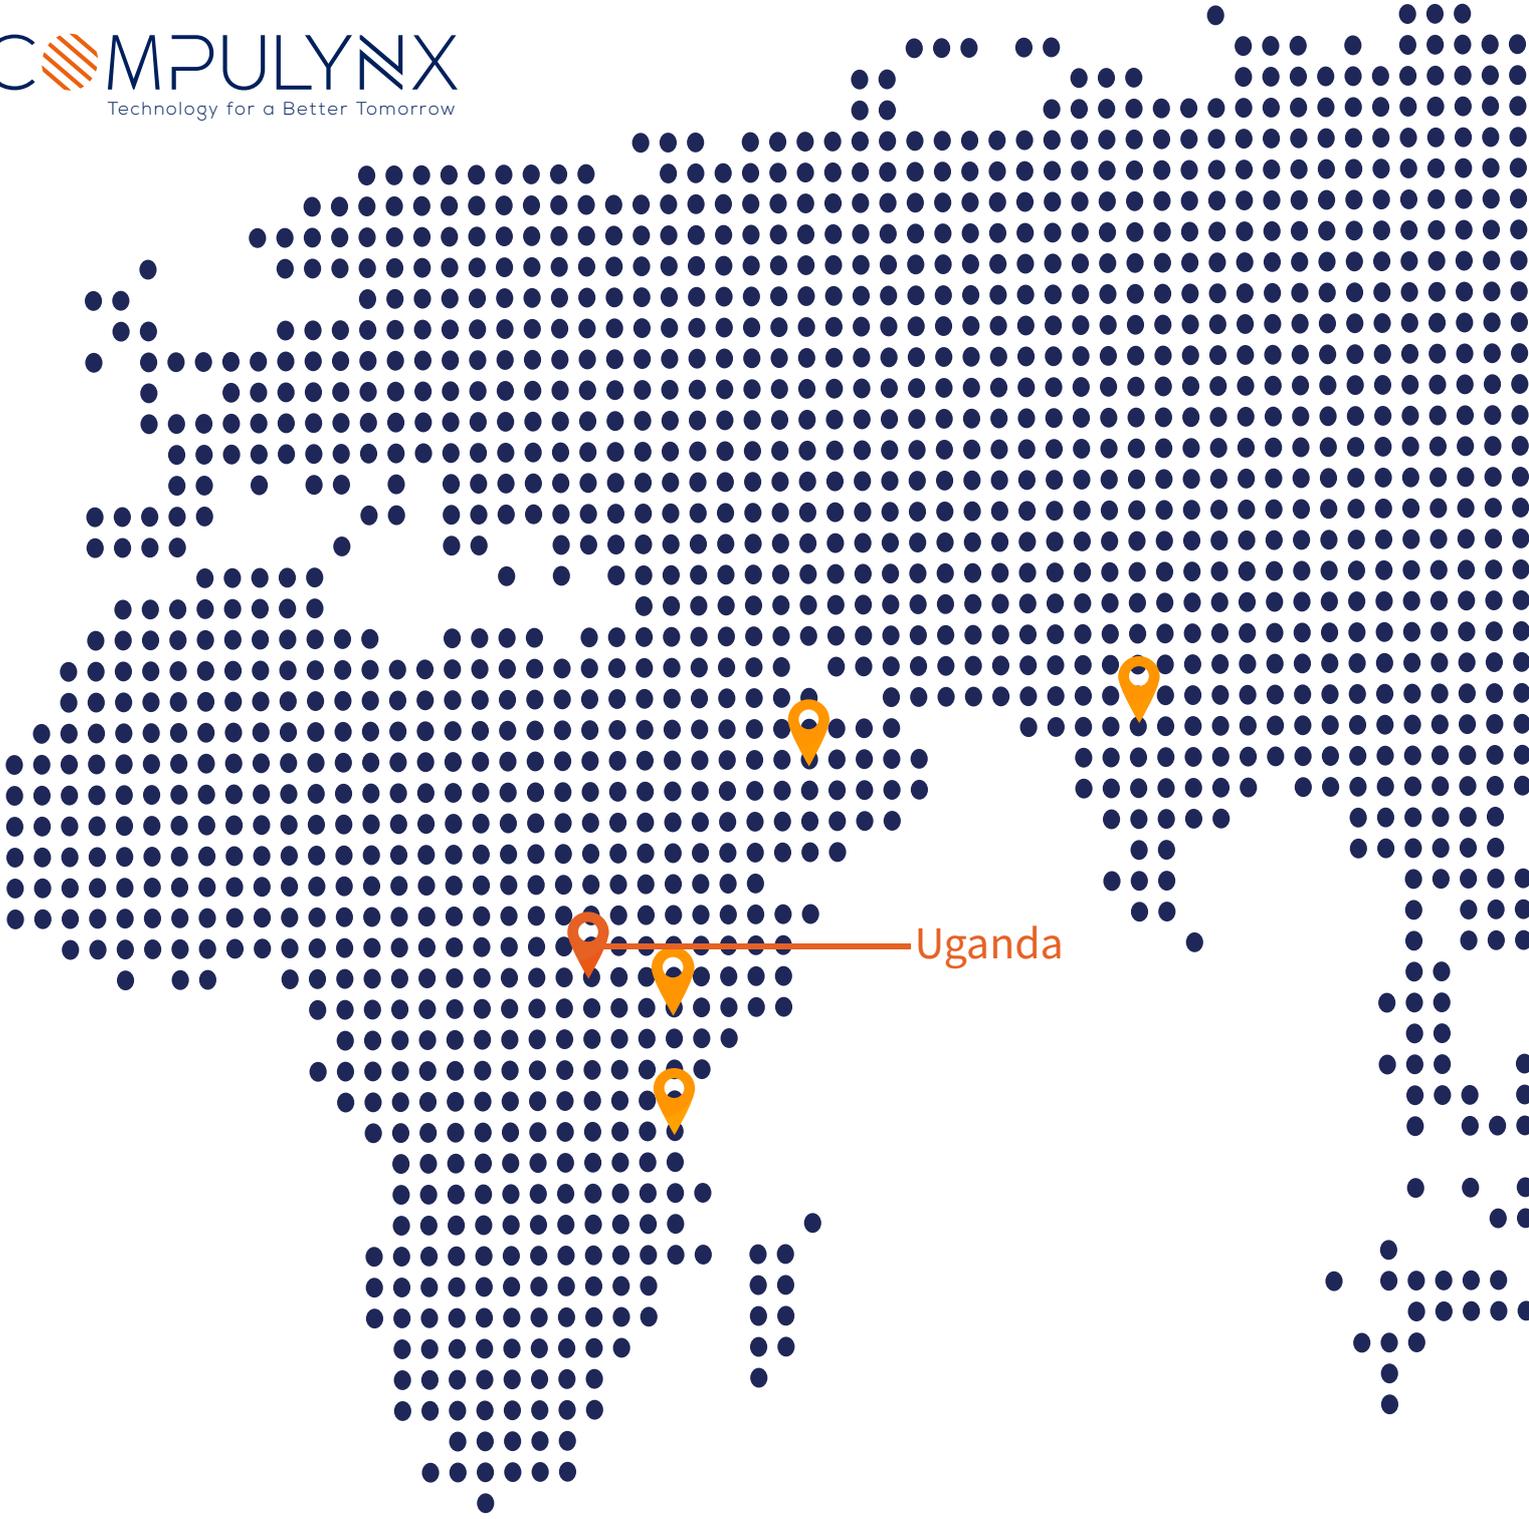

The Memor 10 PDA brings the power and performance of a smartphone with the user-friendly experience of Android in a slim and compact device with an integrated 2D imager.

It also incorporates Datalogic's industry-first wireless charging system for ultra-reliable contactless charging, paired with a 1-piece swappable battery for the best operating advantage.
